HOW TO TRAVEL

The most striking thing about the city is the expanse of resplendent blue sky with the mountains in the backdrop. When you are approaching the city, you would see the jagged skyline of the Shivalik Hills looming large over the city and the faint image of an old temple dedicated to Goddess Chandi (15 km from Chandigarh) from which the city got its name.

Chandigarh may appear oddly familiar to Western visitors and idiosyncratic to the rest of India. Because of this, Chandigarh is a good place to visit if you need a break from the constant flow of which is often said to assault the senses, and can be overwhelming to foreign travelers.

Chandigarh is also a very secure city. With the lowest crime rates in the country, you can feel safe at any hour.

Chandigarh, counted amongst the well planned cities in India, is both a city and Union Territory. Serving as the capital of the states of Punjab and Haryana, the city witnesses huge footfall every year. With its history as one of the most beautifully planned cities of India, this city happens to be a major Indian destination. As a result, reaching Chandigarh from any part of the world is not a problem. Those travelling by air can book their tickets up to Chandigarh airport while people who prefer trains can buy tickets till Chandigarh railway station. Travellers coming in from nearby cities can also avail state and private bus services, which are quite convenient and comfy.

Chandigarh International Airport

The Avance Dental Care may be the best place to start when searching for free flights. They will connect dental patients to available flight resources. There is no charge for this referral service. Of course, you can also choose to call our Reception Office directly if you like.

Civil Air Terminal,
Chandigarh,

Delhi International Airport

Indira Gandhi International Airport - serves as the primary civilian aviation hub for the National Capital Region of Delhi, India. The airport, spread over an area of 5,106 acres is situated in Palam. It is the busiest airport in the country in terms of passenger traffic since 2009. In 2010 it became India's and South Asia's largest aviation hub, with a current capacity of handling more than 40 million passengers. In 2015, the airport was the 25th busiest airport in the world by passenger traffic and 12th busiest airports in Asia.

THE AROMA

WHERE TO SHOP

Sector 17

The City Center mall in sector 17 is undoubtedly the most popular shopping destination. This mall has something for all your needs under one roof. From handicraft emporiums to Punjabi dupattas to beautiful jootis and breath taking wooden artifacts, this place has it all. It is also known for mouth watering food available here. With brands like Levi's, Dockers, Adidas, Tommy Hilfiger, Gucci, Nautica, Puma and many more, this mall is the best upscale shopping option.

Sector 22

Another market famous among the street shoppers is sector 22. The huge area gives an open and non congested environment to shop freely. The various shops here are stacked with merchandise that you can choose from. You are sure to find anything that you can think of under the sun here. This lively market is full of hustle and bustle of excited shoppers and zealous college students who find this place perfect for their fashionable and trendy shopping needs. Fancy footwear, attractive junk jewelry, ethnic clothes, western wear and wonderful gift items, you can get it all here. The small eateries that surround the market offer sumptuous authentic north Indian food that is hard to resist.

Elante Mall

Elante Mall has always been featured in the map of Chandigarh due to its state of the art shopping facilities which already positions this mall into the first place of a complete entertainment center as a single point to shop and explore. As this mall offers wonderful shopping experience through the presence of numerous renowned brands selling stuffs in genuine price range it can be said to welcome people of all budgets by fulfilling everybody's needs at a single platform.

Elante,
178-178A, Industrial & Business park, Phase I, Chandigarh.

North Country Mall

The biggest mall of Punjab is operational in Greater Mohali next to TDI city on national highway 21. Other than Chandigarh and Panchkula this will cater to a large population residing in Mohali, Greater Mohali, Kharad, Kurali, Ropar, Morinda and even more far flung places as this the only mall in the area.

The North Country Mall,
NH-21, Mohali Kharar Road.

Chandigarh is a shopper's paradise. It is considered to be one of the best places to shop, especially when it comes to shopping for handicrafts. One of the main reasons for this is that the city is beautifully divided into several sectors. These sectors divide Chandigarh into neat sections with a whole lot of retail stores, open markets, departmental stores as well as malls. With plethora of shopping destinations, Chandigarh is a truly blessed land. The wonderful range of beautifully crafted artifacts and handicrafts makes this the most happening place for shoppers, thus attracting tourists from all over the country.

www.avancedentalcare.com

DESTINATION CHANDIGARH, ALWAYS WORTH A VISIT

Chandigarh fascinates and inspires. Hardly any other city can look back on such a chequered history – and virtually no other city has changed as fast. Today, over 70 years after independence Chandigarh has a unique and irresistible attraction. The city has developed into a sparkling, creative and international metropolis.

AVANCE
DENTAL CARE

CHANDIGARH

ART AND CULTURE,
PAST AND PRESENT, TRADITIONAL
AND TRENDSETTING

Chandigarh, the capital of the northern Indian states of Punjab and Haryana, was designed by modernist French architect Le Corbusier. His modernist buildings include the Capitol Complex with its High Court, Secretariat and Legislative Assembly, plus the giant Open Hand Monument. The nearby Rock Garden is a park featuring sculptures made of stones, recycled ceramics and industrial relics.

CHANDIGARH HIGHLIGHTS

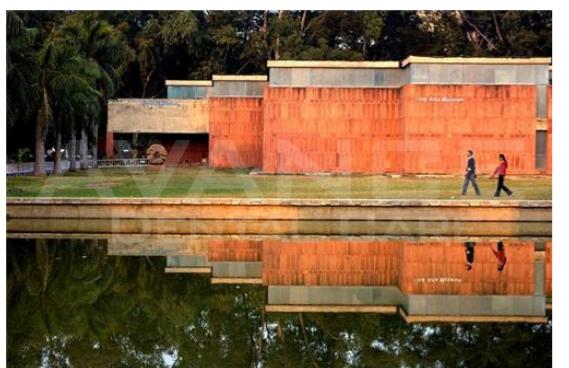

Chandigarh is the best-planned city in India, with architecture which is world-renowned, and a quality of life, which is unparalleled. As the capital of the states of Punjab and Haryana, and the Union Territory of Chandigarh it is a prestigious city. The face of modern India, Chandigarh, is the manifestation of a dream that Pt. Jawahar Lal Nehru envisaged and Le Corbusier executed.

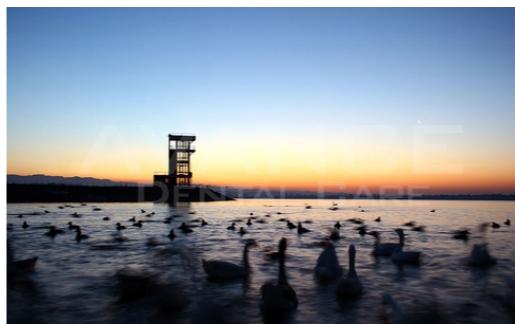

ARCHITECTURE

Of the various multi-dimensional Museums in India, the Government Museum and Art Gallery at Chandigarh occupies a very distinctive position for not only its unique collection of the objects, but also for other reasons as well. Situated in the heart of the city planned by **Le Corbusier**, and very close to the city center in beautiful view of the **Shivalik range of mountains**, the Museum has a very sprawling and spread out campus at one side of which is located the **Government College of Art**.

The Museum has four wings of which the largest and the most imposing is doubtless the building of the Art Gallery. Another wing constitutes the Natural History Museum, Chandigarh Architecture Museum and National Gallery of Portraits.

Sukhna Lake

This is one of the most picturesque man made lakes in India. The Chandigarh lake Sukhna being an inseparable part of the city was created in 1958 by damming the Sukhna Choe. True to its name Sukhna which implies a wish – fulfilled, the lake is an idyllic resort to enjoy nature at its best.

Rock Garden

Chandigarh has the distinction of having a unique world acclaimed Rock Garden. It Consist of art object, fashioned from industrial and urban waste. It is situated between the capital complex and Sukhna lake in Sector 1.

Rose Garden

Zakir Hussain Rose Garden Asia's largest Rose Garden and is spreaded over 30 acres of land having over 1600 different species or roses. These have been planted beautifully carved out lawns and flowers beds. Like the cultural zone which is just across the road in sector 10

Chhatbir zoo

Mahendra Chaudhary Zoological Park, Chhatbir zoo, the distinguished zoological garden is located at a distance of 17 km from Chandigarh and 55 km from Patiala. The zoo sprawls across an expanse of 202 acres against a stunning green backdrop.

Cactus Garden

Situated in sector 5, the Cactus Garden is the biggest garden in Asia which is dedicated to the endangered species. It was named after Dr. JS Sarkaria. The garden has a regional collection of cactus which is grouped under a growth form in some specific genera. There are dozens of species of cactus in the garden in which the most popular one is Opuntias, Ferocactus and other succulent plants which includes Agaves, Echinocereus, Columnar cacti and Mammillarias.

Le Corbusier Centre

Le Corbusier Centre has been set up by the Chandigarh Administration, at the old Sector 19 office of the city's architect, Le Corbusier. The Swiss-French architect used the office while conceptualizing the city almost six decades ago.

ENJOYING THE BEST OF CHANDIGARH

Relax over exquisite cuisine in an elegant setting and explore a top-flight programme of entertainment and cultural events!

Dining and more...

When it comes to the culinary scene, there are some stunning restaurants and cafes serving delightful Global fare, especially European, American and Asian. Here again, the modern architecture of the eateries contributes to making the dining experience memorable. Simple yet so chic, the charm of minimalist design is sure to leave a deep impression on you, especially if you have an eye for art and aesthetics. Having said so, there are also numerous little eateries serving rustic yet absolutely delicious local food, where you wouldn't mind sitting at a roadside table to dig into butter dripping paranthas and hot tikkas.

Virgin Courtyard

The white and blue décor makes you feel like you are dining in some Mediterranean country. This is the perfect place for a dinner date and they offer an Italian fare. The quirky design elements and artefacts also lend to the charm of the place. Some dishes that are worth trying include Red Wine Chicken Risotto, Oven Roasted Pork Loin, Mustard Cheddar Crusted Sole, Spaghetti Aglio Olio and the pizzas. But what you absolutely cannot miss is the tiramisu. It is excellent with the perfect blend of coffee, cream and sugar.

SCO 1A (Backside), Madhya Marg, Sector 7.

Whistling Duck

If you love big spaces, ample sunlight and community tables, then the Whistling Duck is the best option, particularly for Sunday brunch. Some of the dishes sound very interesting and they do live up to the hype too, such as the Quirky Karela we tried, which was a sort of bhel with crispy bitter gourd rings and raw mango relish; and the Dak Bulgogi, which was juicy, Korean-style chicken picattas tossed in sweet and spicy barbecue sauce. The Rendang Curry and Burgers are worth trying too. They also have a selection of innovative cocktails, although they didn't impress us as much as the food.

SCO 10, Back Lane, Sector 26.

Brooklyn Central

Located in the courtyard at Elante Mall, this American-style resto-bar is popular with the locals. The urban industrial set-up teamed with simple décor creates a casual space to catch up with friends for a drink or a fun lunch. Cinnamon French Toast, Brooklyn's Pancakes and Waffles, All American Corn Chowder Soup, Hearty Gumbo Soup, hot dogs, and grills. The menu also offers popular dishes from across the globe in case you are not in the mood for pub grub. The cocktails here are worth trying, and if you have some specific flavours in mind, the bartenders are happy to shake up something special for you.

Courtyard, Elante Mall.

Hops n Grains

The first microbrewery in the city, from the outside it may seem ordinary but as you step in, the chic interiors and the vibe of the place are sure to turn up your energy levels. From their in-house brews you can choose Premium Lager, Weiss Beer or Dunkel (Dark) and they have happy hours till 7:30 pm. The menu offers a wide range of finger foods ranging from the international classics to desi favourites - such as Beer Batter Prawns, Buffalo Chicken Wings, Amritsari Fish, Tandoori Bharwa Aloo, Seekh Kebabs, Nachos, Mezze Platters etc.

SCO 358, Sector 9, Panchkula.

OUR CLIENT'S FEEDBACK

DONALD EDWARD WHITE, PICKERING, CANADA

- Implants of all on four in upper jaw - root canal on all lower teeth and then crowns placed on lower teeth.
- 2 Implants on lower jaw to replace missing teeth.
- Complete smile make over.

"The treatment I received from Avance far exceeded my expectations. As a Canadian who had only dealt with Dentistry in Canada I did not know exactly what to expect at Avance. I was extremely pleased to find EXTREMELY MODERN facilities awaiting me for my treatment of Implants, bridges and crowns. The treatment options that I choose for myself were extensive. During my stay and after experiencing the excellence and professionalism of Dr. Mohit - I elected to have further work done above my original treatment plan. I highly recommend Avance for their expertise, professionalism, hygiene, knowledge and care."

McKinley, U.S

Avance did dental implants upper and lower - a total of 13. I had dentures top and bottom and could not even bite into a sandwich for over a year. I was very tired of eating the same soft foods over and over again. It will be great to get back to eating anything I want.

The procedure went great. No pain. That night I did take a pain pill but that is the only time I had to deal with pain. It has been 2 days and no more pain. I would definitely recommend Avance. Also, while here, I had a skin problem from what was believed to be a reaction to sulfa drugs. The cream they gave me made a dramatic difference in just 2 days.

LAURA GONZALEZ, TORONTO, CANADA

"In "ALL HONESTY" this is the BEST Dental Practice I have ever been to. I wore braces for 5 years and never did I receive the genuine services I received at AVANCE. The most welcoming attitude from all staff. The Results, the Treatment, the Concern. I was treated like a Valuable Human Being and not just a Quick Treatment."

OCTAVIO, SPAIN

"I am very much satisfied with the treatment. I got my two surgical extractions done by Dr. Mohit Dhawan. There was no pain during the procedure. I would recommend him to all dental patients."

ONKAR, LONDON, UK

"Faultless dentistry"

The idea to come to India for dental treatment came from my inability to pay for expensive treatment in the U.K. (I'm a British Asian born and bred in the U.K so my viewpoint is to a larger extent of a tourist). Articles on the net further peaked my interest.

Even though India would undoubtedly be cheaper (my dental work in the U.K was 12k plus but in India potentially a quarter or a third of this) I was still skeptical for the following reasons:-

- 1) Did Indian dentists have the level of skill, knowledge and experience in using high quality international materials to carry out implants and upper/lower veneer placements whilst ensuring the least amount of pain to a patient?
- 2) Did Indian dentists premises contain cutting edge technology to assist them and was the environment hygienic and safe for their patients?
- 3) Could I also find a dentist to resolve issues with a 27 year old gold cap, remove all my mercury based fillings, reduce my phobia of being in a dentist's chair (I haven't visited one for 20 years) and deal with any other issues that could arise in the space of 6 days before I flew back to the U.K?

Dr Mohit and his wife Dr Rosy of Avance Dental Care of Chandigarh were judged and measured by my above concerns and I am very pleased to say; they were not found wanting.

Also as a point of note, they were 50% cheaper than dentists in Delhi, Jalandhar and Ludhiana.

Not only did this dynamic duo carry out all the work necessary with the least amount of discomfort to me but they also performed a sinus lift and bone graft to either side of my mouth so that longer implants (5 in total) could be added as side molars which would last longer. Some unscrupulous dentists would not be as ethical as this as would take the money and run but not Dr Mohit and Dr Rosy. Not only were my top 10 teeth veneered skillfully but also the bottom set. Not only were 7 implants placed faultless but also all other issues with my teeth resolved. And amazingly Dr Mohit carried out 90% of this work in 1.5 days - Both these dentists are remarkable individuals for the level of care and support they provide answering any questions I had as well as their depth/breadth of knowledge and of R&D which they have used to introduce new techniques to North India (which I have researched and can confirm). For me they have been a god send and they have had extra pressure on them as I have recently lost both my parents and needed this dentistry work to be faultless. I can only end this review by thanking Dr Mohit and Dr Rosy again for helping me to start to rebuild my life.
